

UNIVERSITY OVERVIEW

Objective of Graduate Education at Illinois Institute of Technology

To provide post-baccalaureate education and research programs that enhance students' fundamental knowledge of their chosen field.

To educate and mentor graduate students to function in a global community with an appreciation of the economic, environmental, and social forces that impact professional choices.

To further strengthen our students through Illinois Institute of Technology's leadership role in higher education while focusing on core research competencies and enhancing partnerships with industry, government laboratories, and academic and research institutions.
