

CHANGE OF MAJOR OR DECLARATION OF ADDITIONAL MAJORS

Students considering either a change of major or concurrently pursuing a second undergraduate degree or major should consult the academic unit/department regarding program requirements and career opportunities in the new degree program.

Students may also review requirements for the new degree program by performing a “What If” audit using Degree Works. Students may access Undergraduate Degree Works through the Undergraduate Academic Affairs channel in the MyIIT portal (my.iit.edu).

An adviser in the Office of Academic Affairs can also assist a student in the selection of a suitable major. A student who wishes to change or declare a major or concurrently pursue an additional undergraduate degree program must submit a form through the Office of Academic Affairs (web.iit.edu/ugaa/services/change-declare-major). Approval from the intended major department is required.

Change of major requests must be submitted and approved prior to the add/drop deadline published on the Academic Calendar to take effect that semester. Any request submitted and/or approved after the add/drop deadline will take effect the following semester.
